Article by Virginia Cocalis which appeared in April, 1940 issue of American Teacher, giving a description of social and educational opportunities on Farm Security Administration homesteads projects.

### Project Summaries

34. Arizona Part-Time Farms--Located in Maricopa County.  
Developed to provide good homes and adequate income for farm laborers. Two cooperative farms have been developed at this project.
35. Arthurdale Project.  
Subsistence homesteads established in Preston County, West Virginia, to aid stranded mine workers.
36. Beltrami Island Farms.  
Scattered farms located largely in the 4 counties of Beltrami, Lake of the Woods, Roseau, and Koochiching, Minnesota. Established to resettle families from submarginal land in the northern part of the State.

37. Casa Grande Valley Farms.  
Large-scale cooperative farm in Pinal County, South Central Arizona.
38. Coffee County, Alabama.  
Example of county planning.
39. Flint Farms, Georgia--Located in Macon County.  
Established to give Negroes in this area a new start on the land. Demonstrates new ways for sharecroppers and tenant farmers to make a better living.
40. Gee's Bend.  
Located in Wilcox County in Southern Alabama. Consists of individual farm units that once formed a large plantation. Families on projects are Negroes.
41. Granger Homesteads, Iowa.  
Subsistence homesteads located in Dallas County, the coal mining area of Central Iowa. Established to supplement the seasonal income of the miners by part-time farming.
42. Greene County, Georgia.  
An example of county planning.
43. Irwinville Farms.  
Consists of individual farm units. Summary describes rehabilitation of families in Irwin County, Georgia, and shows gain in net worth of project families.
44. Jersey Homesteads.  
Subsistence homesteads in Monmouth County near Hightstown, New Jersey. Established to provide homes, gardens, and a means of livelihood for the families of needleworkers.
45. La Forge Farms.  
Located in Madrid County, the bootheel of Southeastern Missouri. Project designed to show how income and general living conditions of tenant families can be improved.
46. Southeast Missouri: A Laboratory for the Cotton South.  
Farm Security Administration's five-point program for Southeast Missouri.
47. Longview Homesteads.  
Subsistence homesteads at Cowlitz County, Longview, Washington, established for low-income industrial families who are employed in nearby lumber mills.
48. Milk River Farms--Located in Blaine, Phillips & Valley Counties.  
Reprint from Soil Conservation by H. L. Lantz on readjustment of population to land resources in Northern Montana.

49. Osage Farms, Missouri--Located in Pettis County.  
Consists of two cooperative farms and a group of individual farms. In addition to rehabilitation of the project families, Osage Farms was established to test a plan for raising abundant crops while conserving the fertility of the soil, as well as to determine the practical value of the cooperative method of farming.
50. Skyline Farms.  
Subsistence homesteads located at Jackson County, Alabama. Describes the various means by which families formerly on or near relief are being helped toward independence.
51. Kinsey Farms, Inc., Montana--Located in Custer County.  
Shows that former dry land farmers can make a good living on developed, irrigable land which has been largely unproductive over a period of years.
52. From the Lower Depths.  
Reprint from Reader's Digest, May, 1941, on the La Forge Project, describing living conditions of the occupants of New Madrid County before and after the La Forge Project was established.

#### Greenbelt Towns

53. Greenbelt Communities.  
A description and outline of plans of operation for the three suburban low-rent communities constructed by the Farm Security Administration.
54. FSA Rushes Plans for Building 1,000 Dwellings at Greenbelt.  
Release dated February 11, 1941.

#### Low-Cost Housing

55. Rural Housing by the Farm Security Administration.  
Description of housing activities of the Farm Security Administration giving a statement on developments that have resulted from five years' experience in rural housing.
